WELCOME

Fly in the Sky

In India alone, the Aviation industry helps transport about 11.687crore (approx) passengers every year.

The Aviation Industry in India is expected to grow at a compounded annual growth rate of over 25%.India needs 400 Airports and 300 Aircrafts in the next decade. Aviation and Airports are in exponential growth. India has announced ambitious airport development plans which will greatly enhance the Country's capacity for Commercial Air Travel.

AVIATION-SCOPE

Currently 60 Airports can be classed as capable of handling commercial Air passengers and Cargo Services. There are currently 24 major International Passenger and Cargo Airports and 36 Regional Airports. Millions of passengers and thousands tons of cargo pass through Airlines and Airports each year. All these passengers demand quality customer service apart from smooth, timely operations.

A career in Aviation Management offers opportunities to travel, meet new people and gain new experiences in all parts of the world. India's target is to more than double the number of major international and regional hubs within next 12 years.

Aviation management is the task of ensuring that flight operations run smoothly, passengers receive quality service on time, security is maintained and commercial operations such as Airport duty-free shopping and Airport retailing complex turn a good profit. At every Airline and Airport, the effort to ensure that these people have safe and happy travel experiences.

Our diploma courses are an important stepping stones for students. making them eligible to join and pursue a career in Aviation.

Advanced Diploma in Cabin Crew & Airline Management

Career opportunities In flight / Airports/ Airline Offices / Hospitality / Air Travel Sectors

There are about 2000 airlines operating about 23,000 air crafts around the world. Indian origin airlines like Jet Airways/Indigo/ Spice Jet/ Fly Easy/ Go Air/ Vistara/ Truejet are some of the airlines apart from the numerous international airlines operating to India that need competitive and skilled Cabin Crew. This course is meant for the people who like to become an Air hostess /Flight Stewards. Many young people opt for cabin crew as a full-fledged career prospect because of the high salaries, exciting experience of flying and interacting with different kinds of people on board and visiting several countries. The job entails performing safety and service duties which ensure that air travellers fly in a safe environment, whilst receiving excellent standards of friendly service. Your training in communication, team work, first aid, personality development and customer care skills will also be helpful and can also be used in other areas of your life. The Course at PTC Aviation Academy conforms to the International standards of airlines' in-flight operations and hospitality industry. It prepares you to handle the toughest moments in airlines recruitment process.
